Rachel and Mark, following up on yesterday's meeting, see a few edits to the agriculture directive attached. I am not able to provide edits to the stormwater directive at this time. Ann

Rachel - Per your request below (COB today), please find attached some fairly lengthy suggestions on the TA directive. As you know, the Commission has spent a lot of time and effort on this issue, and hence I think we can have some value-added in drafting the document. My focus has been to make the deliverables meaningful, but not too far outside the box of what will need to be done as part of preparing the Phase III WIPs. The jurisdictions will have their hands full with that over the next 12 months...

Since you sent out the prior version yesterday, in anticipation of the call tomorrow, I have cc'd the entire group to make sure they had some time to review the suggested edits in advance of the call.

Also for the group, I'd suggest simply viewing this as "no markup" in ms-word, or otherwise it will be very hard to follow.

Thanks!!

Mark

**Subject:** EC Meeting Date and 5/9 Minutes

Hi everyone,

Attached are the notes from last week's planning meeting, as well as the draft storm water and agricultural resolutions for your review. Please note that I started to address edits/comments from the meeting in the agricultural resolution. Please send me any edits you may have by close of business on Tuesday, May 22 in preparation for the next planning call.

Also – it seems like **Tuesday, August 7** is the preferred date for many members, so please hold that day officially for the 2018 EC meeting.

Thank you!

Rachel
